

Milwaukee County UW-Extension and Kompost Kids present

Home Composting Workshop

Saturday, April 12th, 2014

10:00 a.m. to 12:30 p.m.

At Havenwoods DNR State Forest

6141 N Hopkins St Milwaukee, WI 53209

(1 blk. west of Sherman Park Blvd. and 3 blks. north of Silver Spring Drive in Milwaukee)

Fee: \$7.00 per household

Learn the ins and outs of composting home organic wastes – from the yard, garden and even kitchen peelings. Answer the questions of what you should and should not put in the compost. Find out where to put it in your yard, how large it needs to be and what to do to care for it.

This workshop will begin indoors and cover basic composting from 10:00 until noon. Then the group will move outside to the on-site compost demonstration area near the gardens to see real, working compost bins. Participants will see variations of compost bins and actually experience what it takes to “turn” the compost. Dress for the weather and to get a little dirty.

Cost is \$7.00 per household with one set of educational materials provided per family.

To register, provide the information below and send the lower portion of this form along with a check for \$7.00 payable to UWEX to:
