

KOMPOST KIDS

KOMPOST KIDS NEEDS YOUR HELP!

Want to build your sustainability cred through sweat equity with an awesome all-volunteer org? No experience necessary, just a willingness to learn, work with a team, and get a little dirty.

BENEFITS:

- 🌱 Saving the Earth (seriously, compost is an amazing atmospheric carbon sink)
- 🌱 Hands-on Compost Education (we let Mother Nature do her work, but revel in assisting the process because we live in a city)
- 🌱 Community Building (this is where you come in!)

HOW VOLUNTEERS DESCRIBE THE EXPERIENCE:

Passionate ... Active ... Uniquely Smelly ... Inspiring

We would be lost without our volunteers. Thank you from the bottom of our Kompost buckets. The Earth and Worms McDirt thank you too.
